New Social Housing Rental Program Application Form

To enhance the level of service provided to Manitobans in need of subsidized housing, Manitoba Housing has made important changes to the Social Housing Rental Program including improvements to the assessment process of an applicant's housing needs.

To support these enhancements, a revised 'Social Housing Rental Program Application' is now available from the Manitoba Housing public website at:
<http://www.manitoba.ca/housing/progs/renters.html>

Highlights of changes include:

- Supporting documents are no longer required at time of application.
- Custodial Arrangements have changed from 50% to 40% to determine bedroom allocation
- Section on special circumstances and housing choice (incl. option for smoke free housing) expanded to be more specific and obtain more detail. This will help to better inform the intake process as only one housing offer will be made under the new process.
- Applicants can identify preferred communication choice – mail, phone, e-mail
- Self Declaration section added – to assist with planning for housing needs and to reflect the diversity of the population we serve
- Fillable application format. Revisions to layout and design will support clarity in process, improved application accessibility and processing.

Please help to support the implementation process by utilizing the revised Social Housing Rental Program Application.

An application submitted using the old version will be returned to the applicant with direction provided to submit the new application.

Application inquiries received by the public should be directed to **204 - 945 – 4663** or toll-free at **1- 800 - 661- 4663** (Press option `6` for the Social Housing Rental Program)
