

RENTSMART

RentSmart Webinar & Community Discussion

WRN is hosting a community discussion about a new rental preparedness program for renters called RentSmart.

Our community discussion will follow a national webinar by BC's Ready to Rent. RentSmart is becoming a nationally recognized model for tenant education and WRN is coordinating efforts to bring the program to Manitoba.

RentSmart is a 6 module certificate program that helps participants to find and keep housing by building knowledge, skills and confidence to choose appropriate housing. RentSmart is successful for people who face application barriers and/or are in transition into independent living to find and maintain housing.

This community consultation will look at the next steps for establishing RentSmart in Manitoba; possible partnerships; and supports required for both tenants and participating agencies.

Thursday, March 16, 2017 from 1 to 3PM
End Homelessness Winnipeg | 216 Pacific Ave.

pls RSVP *because space is limited*
ph. 417-2039 or contact@winnipegrentnet.ca
