

Sara Riel to build 28 unit apartment complex

March 2, 2012 | [Winnipeg Sun](#)

A new 28-suite St. Boniface apartment complex will offer housing to adults with mental health issues, as well as families in need of affordable housing.

Winnipeg's Sara Riel Foundation is building the complex at 210 Kenny St. with \$8.2 million in provincial funding.

The foundation will offer on-site services to help tenants with mental health issues, who will occupy 14 of the suites.

The other units, two one-bedrooms, seven two-bedrooms and five three-bedrooms, will be available to families based on income.
